

New Authorization of Payment for Opted Out Practitioners

As of January 1, 2020, there is a new form for Authorization of Payment for all opted out Practitioners. There is now a requirement for one authorization per patient per calendar year, which must be signed by both the patient and the OD and kept on file. The patient must be made aware of both the full fee and amount reimbursed by MSP to the OD for each service.

This change was unexpected and does not appear to have been directly targeting optometry. BCDO is currently working to negotiate a different process for optometry. For now, we recommend that the new form be implemented.

The new authorization form can be accessed here:
